

Bryan Borek *Tech Industry Resume*

Hi, I'm Bryan and this is my Tech Resume.

I am currently in the final 3 weeks of the Full-Stack Coding Bootcamp From the University of Minnesota.

Before that, I went to school for Graphic Design and Animation.

I have recently launched my own startup and decided to take up learning coding to help with future development.

I'll come back to update this in the future.

Thanks and have a great day!
